Communication and Social Media

- Mobile devices come equipped with multiple means for communication
- Most mobile devices also come equipped with configuration various social media accounts
- Can we leverage the communication and social media access capabilities from within our Ionic application?

MailComposer

- API to compose mails using OS specific UI
 - `Expo.MailComposer.composeAsync(options)`
- Options:
 - recipients, ccRecipients, bccRecipients, subject, body, isHtml, attachments

Share API

- Share API provided by react-native
 - `Share.share(content, options)`
- Content: message, title, url
- Options: subject (iOS), dialogTitle (Android)
